N.Y.P.D. Gets Reprieve

HOLLYWOOD — The ABC Television Network's 1968-69 program schedule will continue to include the highly successful, 90-minute Tuesday night dramatic series bloc made up of It Takes A Thief and N.Y.P.D.

N.Y.P.D., originally slated for retirement after one season on the air, will be seen Tuesdays at 8:30-9 p.m., immediately after the one-hour "Thief," which it currently follows.

"Wherever possible we want to stay with programs already on the air," Goldberg, ABC vice president in charge of TV network programming, told executives of ABC's affiliates at their annual meeting here at the Century Plaza Hotel recently.

"If a show has potential, we prefer to develop that potential instead of abandoning it and gambling on a new show," he explained.

CITING N.Y.P.D. as "a good case in point," Goldberg pointed out that "this show, critically well-received when the season opened, boasts an outstanding cast of regulars — Frank Converse, Jack Warden, and in particular, Robert Hooks, and

his realistic and timely portrayal of Detective Jeff Ward, a Negro police officer."

As the season progressed, according to Goldberg, "the quality of the production and the stories gradually improved. Now, with a strong new lead-in — It Takes A Thief — N.Y.P.D.'s ratings have improved to the point where it consistently delivers 32 and 33 shares of audience, and usually wins its time period."

FOR THESE reasons, Goldberg announced, "We've renewed N.Y.P.D. in its present Tuesday, 8:30 p.m. time period for next season." The series, produced by Talent Associates, is filmed on location in New York City.

Felony Squad, the 20th Century-Fox police adventure series starring Howard Duff that had been penciled in for that Tuesday half-hour, will now be aired Fridays at 7:30 p.m. Dream House, a Don Reid production, which had been set for that time period, will leave the prime time schedule, but will continue to be seen weekdays at 12-12:30 p.m. on ABC-TV.
